About Us

Future Engineering LLC is a leading provider of engineering products for industries such as Oil & Gas, Petrochemicals, Power Generation, Food & Beverages, OEM, Medical, Manufacturing, Cement, Fertilizer, Automotive, and EPC. We cater to a demanding clientele by offering unmatched services and profound knowledge of both products and markets. With a vast network of suppliers and manufacturers worldwide, we serve as a crucial platform in the industry.

Meeting the unique requirements of global customers, Future Engineering LLC brings a wealth of experience in customer support. Our sales personnel are always available to provide solutions that meet the specialized needs of each customer.

OUR SERVICES

- 1- Solution Provider
- 2- Hydraulics
- 3- Pneumatics
- 4- Filtration
- 5- Instrumentation
- 6- Electrical & Electronic
- 7- Power, Fuel & Lubricants
- 8- Industrial Tools
- 9- Repair & Maintenance

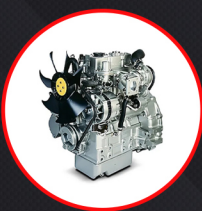

OUR DIVISIONS

- 1-Automation
- 2- Hydraulics
- 3- Pneumatics
- 4- Filtration
- 5- Instrumentation
- 6- Electrical & Electronic
- 7- Power, Fuel & Lubricants
- 8- Industrial Tools
- 9- Repair & Maintenance

With extensive global contacts and a vast network of suppliers, we offer a premium combination of excellent pricing, timely deliveries, quality products, and exceptional customer service. We look forward to building a lasting and long-term relationship with you.

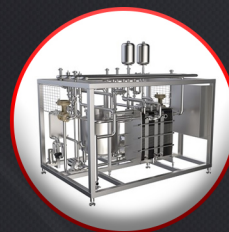

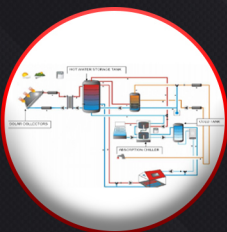

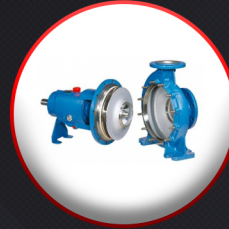

Power, Fuel & Lubricant

- ▶ Generators
- ▶ Genset Spare Parts
- ▶ Industrial Lubricants
- ▶ Rental Power Solutions
- ▶ Industrial Waste Management
- ▶ Industrial Greases
- ▶ High Speed Diesel
- ▶ Fuels & Oils
- ▶ Engines Sets

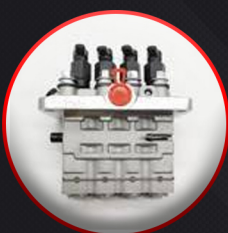

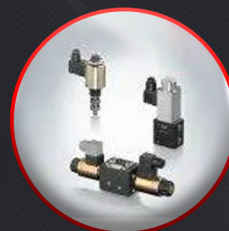

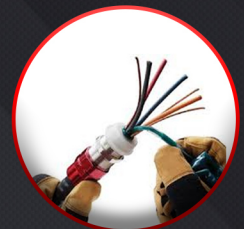

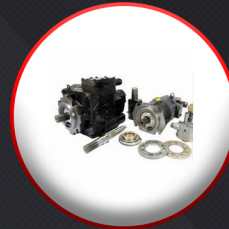

Automation

- 1- Pumps
- 2- Motors
- 3- Conveyers
- 4- Control pannel
- 5- Servo Drives
- 6- Monitors & Sensors
- 7- Process Engineering
- 8- Control Room Designing
- 9- Skid Mounted Solution

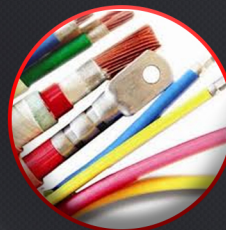

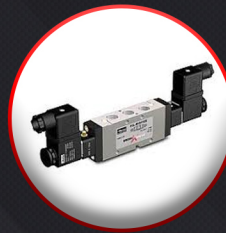

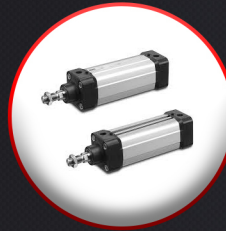

Hydraulics

- 1- Hydraulic Pumps
- 2- Hydraulic Motors
- 3- Hydraulic Cylinders
- 4- Directional Control Valves
- 5- Pressure Control Valves
- 6- Flow Control Valves
- 7- Hydraulic Manifold Blocks
- 8- Hydraulic Filters
- 9- Hydraulic Hoses

Pneumatics

- 1- Pneumatic Cylinders
- 2- Rodless Cylinders
- 3- Single/Double Solenoid Valves
- 4- Pneumatic
- 5- 2/2 Way Brass Body Valves
- 6- Pneumatic Piping
- 7- Pneumatic Fittings
- 8- FRL Combination
- 9- Pneumatic Hoses

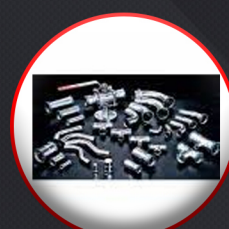

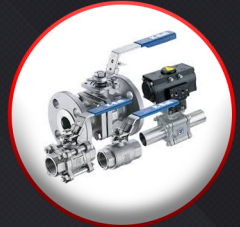

Filtration

- 1- Spin on Filters
- 2- Turbine Fuel Filters
- 3- Water Separators
- 4- Hydrocarbon Filter Vessels
- 5- Filtration Elements
- 6- Line Filters
- 7- Fuel & Oil Condition Monitors
- 8- Portable Filtration Units
- 9- Filtration Skid for Fuels

Instrumentation

- 1- Compression Fittings
- 2- Ball Valves
- 3- Needle Valves
- 4- Check Valves
- 5- Manifolds
- 6- Quick Coupling
- 7- Transmitter & Switches
- 8- Pressure & Temperature Gauge
- 9- Piping & Fitting

Electrical & Electronic

- 1- Electrical Motors
- 2- Electrical Panels
- 3- Controllers
- 4- Sensors (Electronic)
- 5- Switches (Limit & Reed)
- 6- Encoder
- 7- Electrical Drives
- 8- DCS / SCADA Systems
- 9- Electrical System Design
